

## **RETRACTION NOTICE**

**Retraction notice for:**

**“A Socio-Ecological Systems Approach Disaster Resilience for Small Islands”  
Journal of Transformative Governance and Social Justice, 1(1), 23-30.**

**This article has been retracted.**

The author has plagiarized part of a paper that had already appeared in Environmental Challenges in April 2022: “Talubo, J. P., Morse, S., & Saroj, D. (2022). Whose resilience matters? A socio-ecological systems approach to defining and assessing disaster resilience for small islands. Environmental Challenges, 100511.” and available online at:

One of the conditions of submission of a paper for publication is that authors declare explicitly that their work is original and cite all references. We have contacted the first author and has agreed with our decision to retract the paper. As such this article represents an abuse of the scientific publishing system. The scientific community takes a very strong view on this matter. We apologize to readers of the journal that this was not detected during the submission process.
